WHOLESALE TRADE LIST

Fall 1943—Spring 1944

RUSSELLS LUPINE

The new Russells Hybrid Lupine are the finest improvement in perennials that we have ever seen. They are so far ahead of the old Lupine that there isn't any comparison. The wonderful colorings are hard to describe. You will find rose and pink, pink and salmon, salmon and buff, pink and buff, old rose and light rose, blue and white, purple and yellow, purple and rose, and many other striking combinations. We found that for us they bloomed just right for Decoration Day and everybody was enthused over them for cut flowers and the plants also retail exceptionally well.

Contrary to the belief of some, Lupine do transplant well. We are offering ONE YEAR OLD PLANTS at \$7.50 per 100. NEW CROP SEED 75c per oz.; \$10.00 per lb.

HARDY EARLY ENGLISH CHRYSANTHEMUMS

This is our BEST RETAIL SALES ITEM. These early flowering hardy Chrysanthemums are taking the country by storm. We sold at least \$1,000.00 worth of these plants in the past year. If you have any place in the greenhouse to plant some of these stock plants you can make cuttings off them and have a nice lot of plants to sell or plant out in the Spring. It is a little early to get out a list of the varieties we will have to offer but can make the following offer at the present time:

TWO EACH OF 20 VARIETIES IN A WIDE RANGE OF COLORS FOR \$10.00. If you have some English Chrysanthemums send us your list so we won't duplicate.

GLADIOLUS BULBS

We have some large Gladiolus Bulbs in a mixture of varieties at \$15.00 per 1,000.

GRAPE HYACINTHS

Grape Hyacinths make lovely border. We have a good planting stock size for \$5.00 per 1,000.

EVERGREENS

We have some nice Evergreens for lining out both in rooted cuttings and larger size in pots. These are exceptionally strong.

ANDORRA JUNIPER. R. C. extra large, \$5.00 per 100.

SABINA JUNIPER. Extra strong R. C., \$5.00 per 100; 1 yr. potted, \$7.50 per 100; 2 yr. potted, \$10.00 per 100.

BOXWOOD

BOXWOOD. Sempervirens. Strong rooted cuttings, \$4.00 per 100.

Strong one-year, \$7.50 per 100.

Strong two-year, \$12.50 per 100.
